What's What

HELLO GORGEOUS!

LET'S TAKE A MINUTE TO GET INTO WHO AND WHAT THIS REALLY IS!

I'M TRALONA BOISNE, AKA WANDERING WALLFLOWER, AND CO-FOUNDER OF FRENCH FINISH WALL UPHOLSTERY. IN ADDITION TO MY ROLE AS TOP "PROFESSIONAL APPRENTICE"(THIS IS AN ALTERNATIVE TITLE TO THE MORE COMMONLY KNOWN "GO-FER!"), I AM A MULTI-PASSIONATE CREATIVE. I FIND INSPIRATION IN THE ORDINARY AND HOPE TO MAKE THE EXTRAORDINARY!

I HAVE ALWAYS HAD A CALLING TO THE CREATIVE ARTS. BE IT PHOTOGRAPHY, DRAWING, DANCING, MAKING, OR WHAT-HAVE-YOU, I'M INTO IT. I AM ONE OF THOSE ENDLESSLY INSPIRED AND PERPETUALLY MAKING CREATIVE TYPES! TO CREATE MY WALLCOVERING, WALLPAPER, FABRIC, AND PRINT DESIGNS I COMBINE THE ABILITY TO SEE THE BEAUTY OF THE WORLD WITH AN EVER-WANDERING EYE AND A SENSE OF ENDLESS POTENTIAL. WHATEVER THE ENVIRONMENT WE SEEK TO CREATE LOOKS LIKE, IT HAS TO FEEL LIKE IT!

EACH DESIGN STARTS FROM A PHOTOGRAPH I'VE TAKEN IN AN EFFORT TO IMMORTALIZE A MOMENT IN PASSING TIME. PRESERVING THE LITTLE SILVER LINING MOMENTS OF EVERYDAY EVENTS.

IN SHARING THE FRUITS OF CREATIVE CHAOS I HOPE TO PROVIDE A RESOURCE FOR VISUALLY TRANSLATING EMOTION INTO SPACES...

THANKS FOR POPPIN' BY!

Sincerely,

Wandering

The magic of Down Under that is.
Christmas day in Australia includes
Frangipane filled air and sunshine!
The reptilian vibe of this design is in

The scene:
Texas Heat Dome Summer 2023

The vibe:
Glorious Magnolias living their
best life whilst I wilt into the
copious amounts of sweat
(and a little bit of tears!) shed to
install an outdoor tented loggia
with perimeter valance.

Orchidstra

This design came to be as an ode to the classic styles of wallpaper. I created it with the restoration of a friend's recently purchased Victorian home in mind.
Classic but with a twist of fun.

EverForever

This design started from a photo of the “last man standing” in my holiday bouquet. If you’ve ever purchased flowers from the deli (or anywhere other than a florist!) chances are you’ve encountered MouseThorn. It is apparently the friend you either really want in your party or really don’t. I kept the vase of flowers for two weeks just to see how long it would hold out!

Daisy Double Dollop

I find Daisies funny. They're little out of control, but also heavily structured. This pattern reads that way too. All over, but forming a structure.

DeadAss

THIS DONKEY IS NOT DEAD!

He is; however, quite an actor!

When my son was 2, I took him to a nearby farm where we could get close and interact with the animals. As we rounded the corner to see the donkey who was standing quite comfortably near his hut within his enclosure, my son took a quick left to see a Highland Cow that had caught his eye. When we made our way back to visit the donkey, the ass made eye contact; then flopped to the ground, legs up!

Clearly, he preferred first chair to second fiddle!

Riven & Well Riven

It can get a bit dry in Texas during the summer. The artwork for Riven and Well Riven started as a photo I took while exploring a Dallas neighborhood and came across what would have been a puddle had temps not been above 98 degrees for 2 weeks! The cracked dirt and dead grass was a fun read.

All Bark

I've got a thing for trees! I'm no Lorax, but they seem to speak to me.

My sons have inherited this love and wanted to feel like they sleep in a treehouse. I created the design using a photo of one of our favorite trees to greet at school.

IMAGES REFLECT

RockWood

Marble or Wood? I couldn't choose so I made them one in the same! A piece of broken marble is quite convincing.

a chip off the old rock!

Corny, yes.

Funny, also yes!

What do you do to handle early morning flights? I like to take pictures of the air conditioning vent in the jetway and turn it into art!
